\$1k To \$21k Per Day? Ya Right!!

Look, I get it if you're highly skeptical and thinking, "There's no way that's possible." Or else, "*There's no way I could earn that kind of money.*" Believe me, I get it.

I was a dishwasher at a restaurant down the street from my parent's house.

Until recently, the idea of making \$1k to \$21k (or more) a day was downright unbelievable for me.

And yet, if you just put your skepticism aside – just for the next few minutes – while I share this strategy and proof with you...

... this could make the remainder of this year **the greatest financial time of your life.**

So let me explain...

From Dishwasher on Minimum Wage To \$45,000 Days

Six years ago, I was a dishwasher, working 9-hour shifts, six days a week.

I barely made enough to cover rent and food.

I hated my job and my life.

I wanted to be rich so badly.

I tried everything.

Drop shipping, starting an agency, becoming a social media influencer, you name it.

None of it worked.

I didn't make a penny.

Then I heard about Rob and Gerry, who taught affiliate marketing using Facebook traffic.

I scraped together the money for their course.

And that's when My life changed forever.

In 60 days...

**I was making \$5,000
to \$10,000 per day**

I was *shocked*.

I had achieved my wildest dreams.

Being in my 20s, I did what any young guy would do with this kind of money—I bought flashy cars, expensive clothes, and traveled the world (with my brother).

Rob and Gerry noticed my success and asked me to mentor beginners.

I did, and it was awesome.

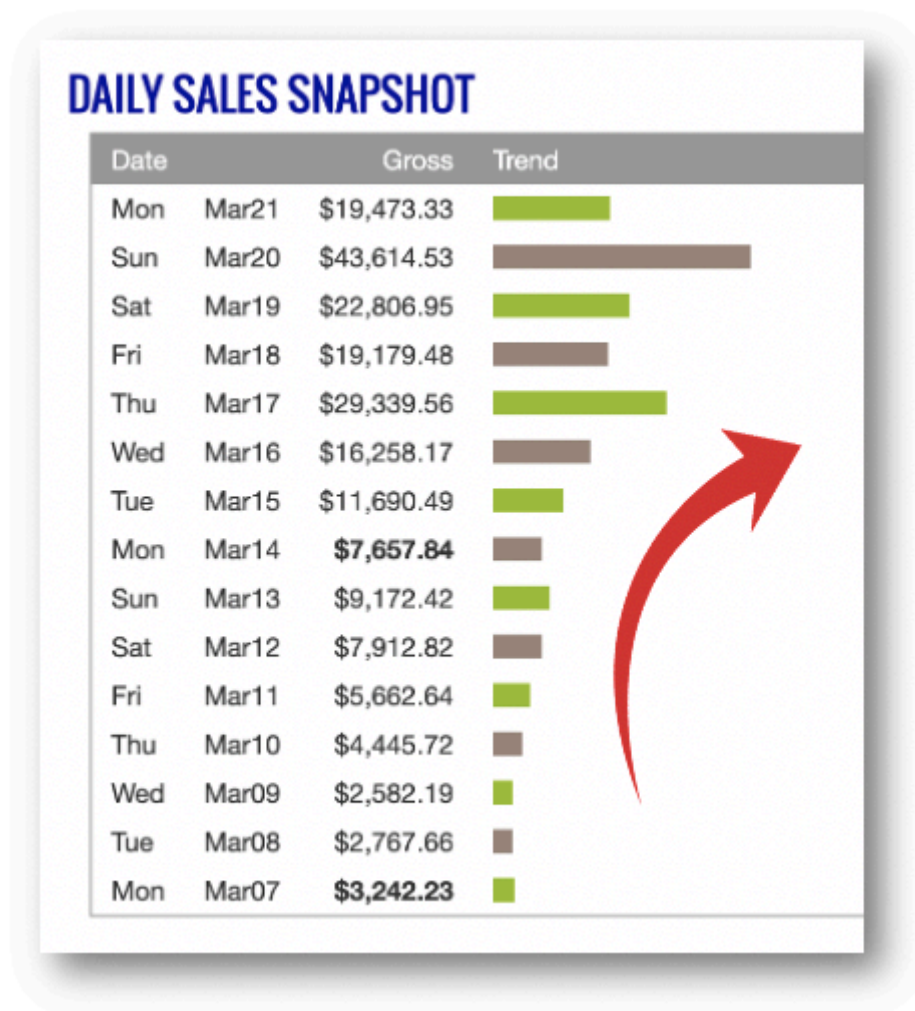

Register For The Training Now: <https://www.veprofit.com/workshop>

Then, when Facebook became more difficult for affiliates, I moved their strategy to YouTube and started using A.I. to create **faceless ads**.

My income exploded.

It was like winning the lottery, day after day

I hit \$45,000 days.

Most of what I did was new, so Rob and Gerry offered me a partnership to teach my YouTube affiliate marketing strategy with A.I.

We turned it into *Profit Singularity*.

Since then, our students, mostly beginners, have generated over **\$364 million** using my model.

Here's a letter from Clickbank's VP to prove it.

CLICKBANK™

August 26nd, 2024

To whom it may concern,

ClickBank has over six million customers in more than 200 countries. ClickBank has paid out over \$5 billion in commissions in the past 26 years.

According to data provided, Chris Reader's students have achieved over \$364 million in sales through ClickBank.

Thank you for being a part of ClickBank's ongoing success story.

Sincerely,

Dominick Keenan
VP Sales & Account Management

In case you're unaware, Clickbank is the largest affiliate network globally, worth billions.

Twelve of my students have reached **Clickbank Diamond status**, **earning over \$5 million each in a single year**.

Here's one of my students, Rich Bell, with his award...

Register For The Training Now: <https://www.veprofit.com/workshop>

These students started just like you, reading and learning my strategies. Their lives transformed, and yours could too if you act on what I'm teaching today.

Now, until last year, the *Profit Singularity* strategy worked like this:

1. **Get YouTube traffic** (targeting people living in America)
2. **Promote \$150 health supplements** as an affiliate.
3. **Get commissions** and payouts.

It worked like a dream.

My students and I were getting rich.

Word spread faster than a bolt of lightning!

Profit Singularity was one of the fastest, surest ways to make money online – especially for beginners.

As a result, everyone jumped in on it.

Register For The Training Now: <https://www.veprofit.com/workshop>

Then, a big shift happened

About 10 months ago, YouTube raised the Cost Per Click on their USA-based traffic a LOT.

For example, the **Cost Per Click on YouTube** in most niches—targeting people in America—is \$1.50 to \$2.

Which is high.

It used to be about \$0.50 to \$0.70 a click.

As a result, profits have come down.

So have conversion rates, due to fears of a **recession**, rising **unemployment**, and **political uncertainty** in America.

Plus, Google started making it trickier to advertise health supplements on YouTube. I'll explain why in a moment.

For now, just know it's become more difficult to promote health supplement products on YouTube than before.

In short, what used to be the **fastest, easiest** way to make money online – i.e., promoting affiliate products (primarily health supplements) to American traffic – has now become more costly and difficult to succeed with.

With that said, don't get me wrong.

There are a LOT of people still making it work. It's just not the free-for-all financial bonanza that it used to be – especially for beginners.

Hence, the reason why I made it my mission over the last 10 months to update the system radically.

Register For The Training Now: <https://www.veprofit.com/workshop>

I began by running tests, and also closely monitoring the results of my students on our weekly coaching calls.

And then, I made an exciting breakthrough.

I've found a new opportunity to unleash a financial bonanza in 2024

I've developed (what I believe to be) the hottest new money-making strategy on the Internet.

It's a method even **simpler**, more **profitable**, and more **successful** than the original *Profit Singularity* system we first released back in 2021.

I call this new system...

Velocity Profits!

Let's discuss the **three radical improvements** I made to the original system.

These improvements have resulted in shocking financial earnings.

The kind of earnings that have been making my students and me outrageous income.

These three changes are as follows:

1. Foreign Traffic

Here's why foreign traffic is such a HOT opportunity right now...

1. **Untapped Goldmine.** 99% of affiliates focus on America. Only a sliver targets foreign countries. That means minimal competition for foreign traffic.

Register For The Training Now: <https://www.veprofit.com/workshop>

2. **Cheaper Clicks.** American traffic costs \$1.50 to \$2 per click in popular niches. Foreign traffic? Around \$0.30 to \$0.50. That's up to 5-7 times cheaper. That means more profit and less spending.
3. **High Conversion Rates.** With most affiliates ignoring foreign markets, we're seeing conversion rates soar. This strategy is crushing it online right now. Beginners are cashing in big.
4. **Huge Market.** There's a massive amount of English-speaking traffic abroad. While America has 245 million English speakers, there are nearly 1.5 billion worldwide. Many of them have similar disposable income. The earning potential is huge.

This opportunity is under everyone's noses, and most have no clue it exists.

Okay, the next radical improvement...

2. Compliant Niches

Until recently, the biggest money-makers partnered with companies selling health supplements.

Think **weight loss, diabetes, joint pain, vision, hearing, toe fungus, sexual health, etc.**

That's what the original *Profit Singularity* system pushed.

Why?

Because that's where the big bucks were.

Recently, that changed.

YouTube (i.e., Google) decided to limit the amount of ads promoting health supplements on their network.

Overnight, *Profit Singularity* students (plus every other affiliate in the game) started having problems making money with these products.

Suddenly, those who were making great money couldn't get their ads to run, and therefore, stopped making money.

So, we shifted gears.

We shifted to niches that YouTube and Google love like...

- **Parenting**
- Spirituality
- **Personal development**
- Home Improvement
- **Homesteading**
- Survival
- **And more**

And guess what?

We're making **more money** promoting these compliant niches in foreign markets, compared to promoting health supplements that target American traffic.

So, the second big update to the system is...

Shifting away from health supplements and promoting products in niches that Google and YouTube fully support.

Okay, radical improvement number three...

3. Lower-Priced Products

Around the world, many people are worried about a possible **recession** or **depression**.

Inflation is soaring.

Unemployment is climbing.

And the looming threat of a world war adds to the anxiety.

I don't claim to have a crystal ball.

I can't predict the future.

You and I can only hope for the best.

But here's the reality...

**Today many people are hesitant to
spend more than \$100 in many niches**

Of course, this doesn't apply to every niche.

But there's no denying in many areas, conversions are down. I can say this with confidence because I see it in my results every day.

I also see it in the results of my students.

So I have a clear understanding of how markets behave.

Conversions for products priced above \$100 are down.

In response, my students and I experimented with products in compliant niches priced under \$50.

Sure, the earnings are lower per sale.

But here's the surprising part:

Our campaigns made higher profits, with more sales and greater total profit than promoting \$100+ products

So, what's working the best in 2024 is this...

- Promoting low-priced products
- In compliant niches
- To English-speaking people
- In foreign countries

Yes, most affiliates are struggling to get their ads to run. My students?

They are pulling \$1,000 and \$21,000+ per day with the simple method and business model I'm about to reveal.

They are getting results like this...

Stephanie Made \$1k to \$9k Per Day During April and May 2024

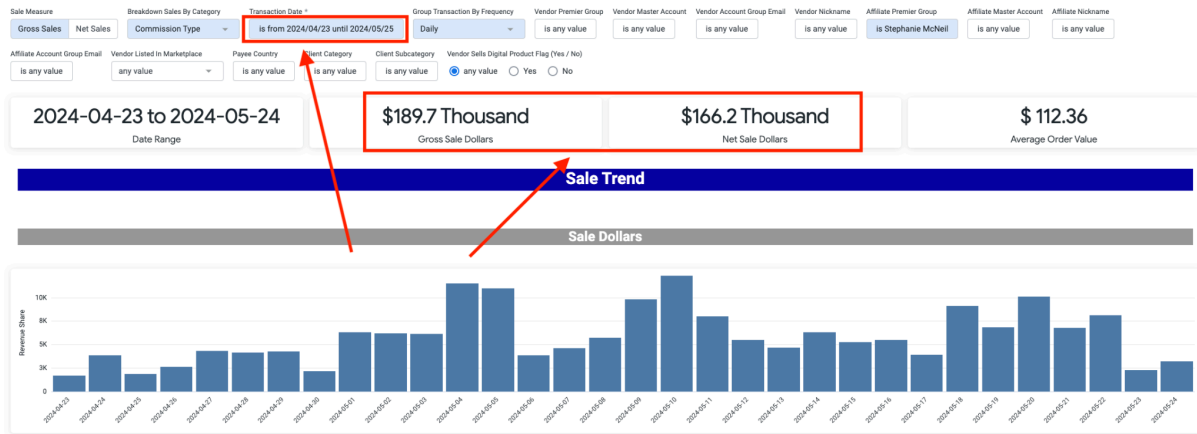

Stephaine McNeil is a mother from **New York**.

With a career in real estate, she was exhausted from closing deals on weekends and even working on vacations!

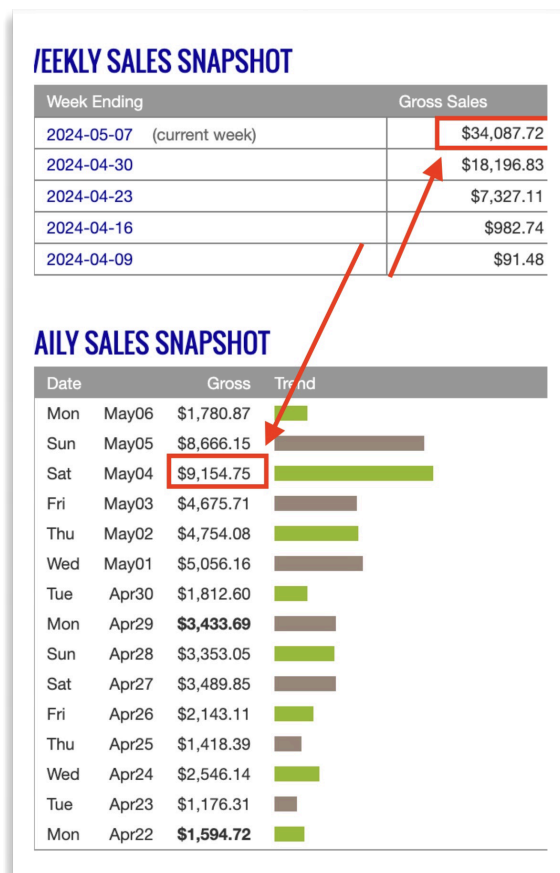

She now makes more money working less and with less stress.

In her best month (May 2024), she made **\$189,700!**

His daily numbers are eye-watering too. In March, he made from \$15,700 to \$30,000 in a single day.

Owen's Best Week Was \$56,390 In Feb 2024

Owen Stovall is from Beauford, SC. While all his buddies landed cushy jobs in finance, he felt left behind.

Being raised by a single mom, he always felt a drive to pull his weight.

He wanted money but he wanted to live life on his OWN terms, not under the watch of some boss.

We Have Dozens and Dozens More Equally Impressive Results!

This is just the tip of the iceberg.

In our [upcoming live coaching session](#), you'll see more examples of regular people who transformed their lives using this method.

Now that you've seen what's possible, let's jump into what it is and how you can get started...

How Does The Velocity Profits Method Work?

It's the new simple 3-step method we'll go over now...

- **Step #1: The Untapped Traffic Goliath:** "How To Use A.I. Systems To Get A Mountain Of Cheap, High-Profit Traffic From Foreign Countries At A FRACTION Of The Effort."
- **Step #2: The Profit Machine:** "How To Build An Automatic Profit Machine In 3 Easy Steps In Under An Hour With The Help Of A.I."
- **Step #3: Optimize & Scale:** "How To Use A.I. Machine Learning To Automatically Optimize Your Funnel So You Can Scale Your Profits To The MOON!"

Now, I'm going to jump into each step in just a moment and explain exactly how they work, but first, let's talk about...

7 Reasons This Breakthrough Method Is So Incredible

1. **Untapped Markets:** Target English-speaking audiences in foreign countries, offering a fresh market with less competition and cheaper traffic costs. You get to enjoy the benefits of reaching out

Register For The Training Now: <https://www.veprofit.com/workshop>

to new customers without the high cost associated with targeting U.S. traffic.

2. **Cheaper Traffic:** Foreign traffic, particularly in less saturated markets, is much cheaper than U.S. traffic. This lower cost per click (CPC) can lead to higher profit margins, as the expense of acquiring a customer is significantly reduced.
3. **Sky High Conversion Rates:** The method emphasizes promoting low-priced products (under \$50) in niches that are compliant with platforms like Google and YouTube. Lower-priced products generally have higher conversion rates because they present less of a financial risk to the buyer.
4. **Compliant Niches:** By focusing on niches that are more compliant with Google and YouTube advertising policies (e.g., parenting, spirituality, personal development), the method avoids the risks of having ads disapproved or accounts suspended.
5. **Recession-Proof Strategy:** With economic uncertainty and inflation concerns, people are more cautious with spending. Offering low-priced products can appeal to budget-conscious buyers, making it easier to generate sales even in tough economic times.
6. **Simpler Business Model.** Unlike so many online business models, this requires no product creation, no customer support, no email list, no online store, and no complicated funnels. Plus, unique A.I. tools do most of the heavy lifting for you. It's perfect for beginners.
7. **Profit In Your Spare Time:** This system is designed for those who want to explore new opportunities without giving up their current commitments, whether that's a job, another business or anything else.

Before I explain step 1 of my new Velocity Profits Method, register for the live training where I'll **dive DEEP** this model further...

Step #1: The Untapped Traffic Goliath

Register For The Training Now: <https://www.veprofit.com/workshop>

How To Use A.I. Systems To Get A Mountain Of Cheap, High-Profit Traffic From Foreign Countries At A FRACTION Of The Effort.

What's the biggest untapped traffic source in 2024?

YouTube.

There are easily 10 times more affiliates using YouTube than Facebook.

Why?

Because there's WAY more traffic available there.

Plus, it's more profitable.

Plus, it's easier to get.

So essentially, YouTube is where the big volume and profit are for this business model.

Good News: 99% of affiliates on YouTube target people in America.

Here's what's crazy...

- There are 245 million English-speaking people in America.
- But there are nearly 1.5 billion English speakers worldwide!
- In other words, there are nearly 7 times more English speakers in foreign countries!

Register For The Training Now: <https://www.veprofit.com/workshop>

Most of whom have a similar level of disposable income to Americans.

These people are buyers of the right products, but nobody's targeting them.

Nobody except me and my students.

It's an untapped traffic goliath!

Now some people think YouTube traffic is complicated because you need video ads.

Or else, because you need to be a traffic ninja.

But here's the thing:

Anybody can set up and run a video ad in about 15 minutes

The ad setup is so simple my grandmother could do it.

Plus, all you do to get traffic is...

- **Pick a niche**
- Pick a country to target
- **Select a language**
- Select broad targeting

That's our strategy.

Google takes care of the rest.

We don't use any crazy targeting options.

Register For The Training Now: <https://www.veprofit.com/workshop>

Google's Machine Learning is so advanced that it finds profitable traffic for you fast.

Heck, even if you're a beginner with a small budget, this makes it ultra simple to succeed.

It's amazing how fast Google optimizes and finds buyer traffic.

Think you can't make profitable videos? Think again!

Making videos is *ridiculously* easy now!

This A.I.-powered method requires...

- **No camera**
- No microphone
- **No showing your face on camera**
- No software on your computer
- **No tech skills**
- No video skills
- **No audio skills**

And you can have profitable videos for YouTube ads built in 15 minutes or less after you learn how.

This is why so many of my students are complete beginners who never made a penny before online.

Register For The Training Now: <https://www.veprofit.com/workshop>

Yet, they can quickly go from zero to massive daily revenue, in a very short time.

Okay, next...

Step #2: The Profit Machine

**Build An Automatic Profit Machine In 3 Easy Parts
In Under An Hour With The Help Of A.I.**

Step 2 is broken down into three parts:

- Part one: **Money offer.**
- Part two: **Splash page.**
- Part three: **The video.**

Part 1: The Money Offer

Choosing the right money offer is crucial.

The best ones turn traffic into profits effortlessly.

Right now, info products under \$50 in Google/YouTube-friendly niches are GOLD.

Register For The Training Now: <https://www.veprofit.com/workshop>

My students and I know exactly which offers are crushing it, pulling in \$1,000 to \$21,000+ per day.

Part 2: The Splash Page

Your splash page needs high-level sales and persuasion tactics.

But this is easier than you would think.

Why?

Because we just use the same templates for every splash page.

Plus, again, because of the power of AI, there are incredible tools that create high-level copy for you at the click of a button.

Even if you know nothing about sales and persuasion.

With the proper AI tools, anyone can build a powerful splash page in about 10 minutes with zero tech skills.

Part 3: The Video

The video is your **money-maker**.

A great video can bring in cash so fast it's mind-blowing.

We've built AI tools that create profit-generating videos at the click of a button.

Our tools have pulled in over **\$500,000 in just 90 days** from a single video.

Earnings - Total As Affiliate

\$567,533.97

Imagine what they can do for you—without any tech or copywriting skills needed.

We've invested over \$300,000 into these AI tools, and now you can use them for free.

One good video is all it takes to start making thousands per day.

My students, including total beginners, are already crushing it with this method.

Step #3: Optimize & Scale

How To Use A.I. Machine Learning To Automatically Optimize Your Funnel So You Can Scale Your Profits To The MOON!

Let's break down the six steps to scale quickly and easily.

- 1. Create your profit machine: a splash page plus an offer. It's straightforward if you have the right offer and templates.**
2. Make several video variations using the right scripts.
- 3. Set up your campaign to target English speakers in foreign countries. Let Google optimize for the most profitable video and traffic. Like Gabe said, you'll know if your campaign's a winner in just a day or two, so there's minimal risk.**
4. When your campaign is profitable, start increasing the budget. Keep raising it as long as the profit holds.
- 5. And as long as your campaigns maintain the profit, then keep turning up the budget more and more.**
6. Finally, rinse and repeat. If one campaign is a winner, keep turning up the budget and watch it grow.

**It's amazing how big you
can scale your income!**

Scaling used to be tough, but not anymore.

A few years ago, scaling on YouTube felt like rocket science. But **today, Google's algorithm does the heavy lifting.**

Once you start making sales, Google zeroes in on your ideal buyer and targets more of them as you raise your budget.

We can take a campaign from \$200 to \$1,000, then \$2K, \$5K, and beyond—all in a single day.

My students and I have run campaigns spending \$10,000, \$20,000, and even \$30,000+ on one video.

It's a rush.

I still go to sleep thinking, "Holy cow, I just made \$40,000 today."

I used to be a dishwasher, and now, thanks to this system, my students and I are achieving incredible results.

Problems You Might Face If You Try To Figure This Out on Your Own

With the Velocity Profits System, we've cracked the code on the **easiest**, most **effective** way to **maximize** profits online in 2024.

If you try to figure this out on your own, here's what you're up against:

1. **You'll likely overcomplicate the traffic process.** Google has endless ways to advertise, but we've nailed down the exact settings that actually work.

2. **You might waste time and money on useless videos.** We've developed video templates that are battle-tested and proven from \$364,000,000 in verified student results. We know exactly what works and what's a total waste of time.
3. **You'll overcomplicate the splash page.** We know the best layout, and message to get the highest conversions with the least effort. If you did this on your own, this could cost you hundreds of thousands in trial and error.
4. **You'll pick offers that don't make you money.** The right offers turn traffic into cash. Choose wrong, and you'll struggle. But get it right, and you'll see how easy it is to generate consistent, scalable profits.
5. **You'll botch the testing/scaling process.** Scale too soon, and your profits tank. We can show you the exact "signals" when it's time to scale to the moon.

It could take you months or YEARS of trial and error to replicate the life-changing income of our students.

But there's a better way.

Instead of taking the **long, difficult, lonely, and expensive** path of doing this yourself, you can...
